

Our Story

Established in 1991, **INSPIRABUILD** was founded by a team of skilled craftsmen, focusing on fine woodworking and cabinetry. Maintaining its standard of excellence and utilizing 30 years of experience, **INSPIRABUILD** has developed the Arrange collection with one goal in mind: to create superior quality furnishing solutions for every budget and for spaces of all sizes.

The Arrange closet line was built to empower the customer to design, assemble, and install their own custom furniture solutions.

ARRANGE

Great style doesn't have to be difficult.

Arrange offers a collection of customizable pieces that will transform any space into a beautiful, functional area. Every component has been standardized for flexible arrangements, allowing each piece to work on its own or be combined with others to fit your space.

All cases are finished in white for a clean and sophisticated look. With three finish choices for the tops, drawers and door faces (Natural Oak, White Oak, White), your Arrange closet can be designed to compliment any room.

Assembly is simple.

Industry standard dowl assembly system. No visible hardware. Components are pre drilled. Assembly only requires a hammer and phillip's screwdriver.
